Price, Utah 84501

Dear Mr. Hatch:

Re: ECFUTA Buried Telephone Cable to Service Crandall Canyon Mine

The Division of Oil, Gas and Mining has reviewed the scoping document for the above-referenced project. A buried telephone cable would be addressed in the same manner as any other utility corridor crossing through the mine permit area. Utah coal mining regulation R614-301-521.161 requires the mine to clearly show all utility corridors on the permit area maps.

The Division would require Genwal Coal Company to amend the mine permit area map to show the telephone cable corridor.

Thank you for the opportunity to provide comment.

Sincerely,

Daron R. Haddock  
Permit Supervisor
